

SHAKE WELL BEFORE USING.

As a foliar spray, use 4 Tbs (2 oz) per gallon and spray foliage to the point of run off, once true leaves appear. Repeat weekly or as needed.

For soil application, use 6-8 Tbs (3-4 oz) per gallon. Apply to soil every 7-14 days or as needed.

For lawns, spray 6-8 Tbs (3-4 oz) per gallon monthly during the growing season.

For potted plants, use 4-6 Tbs (2-3 oz) per gallon every 7-14 days or as needed.

Organic Liquid Fish

Quick-Acting Nitrogen, Phosphorus & Potassium

2.0-3.0-0.5

Use: This product is an organic all-purpose water-soluble liquid fertilizer, which can be used on any crop. It is designed to promote general plant growth. Multiple applications are recommended for long term crops and heavy Nitrogen users.

About: Best Choice in Liquid Fish. Enzymatically digested using a low pH, low heat process which ensures that the natural organic compounds are left intact while eliminating bacterial breakdown. This method keeps this fertilizer stable. Produced on the Northern CA coast, recycling by-product fish waste, which was once dumped into landfills, into a rich fertilizer. All-purpose, water-soluble, liquid concentrate fertilizer which can be used as a soil amendment or foliar feed.
