Product Name: PredaLure

PredaLure. The lure consists of plastic membrane bag containing the active ingredient. This product consists of a volatile plant essential oil. The active ingredient is absorbed onto a cellulose pad and enclosed in the plastic bag. No liquid is available. The active volatilizes through the plastic membrane. The plastic bags are sealed in separate impermeable foil pouches for shipping and storage. The product is intended for use in crops, landscapes and gardens as an attractant of beneficial insects such as ladybugs and lacewings.

Section 2 Hazards Identification

Precautionary Statements: N/A

Section 3: Composition / Information on Ingredient

The insect attractant lures do not contain ingredients in any quantity to be hazardous. The active ingredient is used in candies, gum, other foods, athletic ointments.

Component

Active Ingredient: plant essential oil insect attract. The USDA National Organic Program allows the use of pheromones and related insect attractants in Organic crops.

Section 4 First Aid Measures

Can be harmful if oily liquid is swallowed in large doses. Can be irritating to eyes, respiratory system, and sensitive skin. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Keep out of the reach of children.

Section 5 Fire and Explosion Hazards

Appearance: colourless liquid

Melting point: -9 C

Boiling point: 222 C

Vapour density: 5.26

Vapour pressure: 1.4 mm Hg at 20 C

Specific gravity: 1.18

Flash point: 101 C

Explosion limits:

Autoignition temperature: 452 C

Section 6 Precautions for Safe Handling and Use

Procedure to be followed in case of leak or spill: Pick up plastic devices and dispose of in approved manner. No protective apparatus necessary for clean-up.

Handling: Keep the dispenser lures inside the package until use. Hang attractant from trees or crops. Do not puncture, tear or cut open the lure. To keep the active ingredient off of fingers, use poly gloves when handling.

Storage: Keep away from heat, sparks and open flame. Storage for two years at room temperature in unopened foil package. For longer term storage keep below 4°C.

Section 7 Control Measures

Eye Protection: N/A

Respiratory Protection: N/A

Work / Hygiene Measures: Good personal hygiene practices should be used.

Section 8 Other Information

Disclaimer:

For use in crops, landscapes, trees, gardens.
