### HIGH QUALITY AGRIBON ROWCOVERS

Agribon rowcovers have all the qualities of other brands, but have double-bonded seams for strength and are more affordable. In addition, Agribon offers a 1-Year Limited Warranty against premature UV breakdown. Agribon rowcovers increase yields, prolong seasons, protect against frost, speed up germination, minimize wind damage, conserve soil moisture, deter insects and birds, and protect against extreme temperature.

AGRIBON AG-19 <i>For insect control and light frosts</i>	Part #	Width x Length	Ships Via	Weight	Ships Separately	\$5.00 Oversize Fee	Regular Price	Early Buy Price	Cost per 1000 sq ft*
This high quality polypropylene cover is light enough ( <b>0.55 oz/sq yd</b> ) to be laid directly over plants without hoops or frames but strong enough to withstand light to moderate wind and other stress. No need to remove it during the season because it is porous to water and air and has 85% light transmittance. It provides up to 4°F of frost protection, warms the soil and is a good pest barrier.
