

Bat Guano

is the undisputed champion of all natural fertilizer. This nitrogen-rich Bat Guano also provides essential phosphorus and potash for vigorous vegetative growth and prolific fruit and flower development. Bat Guano is highly effective mixed into soils, applied as a side dress or steeped to make a potent guano tea or foliar spray.

GUARANTEED ANALYSIS

TOTAL NITROGEN (N)	7.0%
1.8% Water Soluble Nitrogen	
5.2% Water Insoluble Nitrogen	
AVAILABLE PHOSPHATE (P ₂ O ₅)	3.0%
SOLUBLE POTASH (K ₂ O)	1.0%

APPLICATION RATES

8 cups ≈ 1 lb; 1 cup ≈ 2 oz; 1 tbsp ≈ 0.1 oz

Vegetable Garden & Flower Beds: To prepare new gardens, apply 1-2 lbs per 100 square feet and thoroughly mix into the top 3" of garden soil. For new transplants, add 1 tsp per hole, mix into soil and water in well. To feed established plants, side dress 1-2 tsp, depending on size of plant and desired growth rate, once each month during the growing season.

Outdoor Containers: For new plantings, add 1-2 tsp per gallon of soil and mix thoroughly **OR** add 2.5-5 lbs per cubic yard. To feed established plants, lightly mix 1 tsp per gallon into the soil surface once each month during the growing season.

Liquid Preparations: Add 1-2 tbsp per gallon of water and let steep up to 48 hours, agitating periodically. Apply the solution directly to the soil around plants or and apply as a foliar spray. Be sure to use all of the solution once it is prepared.

WHAT IS "N-P-K"?

NITROGEN (N) - Nitrogen is necessary for lush, green, leafy growth. An excess, however, will promote vegetative growth at the expense of fruit or flowers. Nitrogen is generally applied at higher concentrations in early growth stages. Use Down To Earth Bat Guano, Blood Meal or Feather Meal.

PHOSPHORUS (P) - Phosphorus will promote big, bright blooms and enhanced fruit production. Phosphorus is essential for fruiting, flowering, strong root growth and quality seed development. Use Down To Earth Fish Bone Meal or Seabird Guano.

POTASSIUM (K) - Potassium, or Potash, helps produce strong sturdy plants and quality fruit. Potassium naturally increases a plants resistance to all types of stress and is vital for cell growth and carbohydrate metabolism. Use Down To Earth Kelp Meal or Langbeinite.

ALL NATURAL FERTILIZERS

Use of a dust mask is recommended for application of any dry fertilizer product.
