

**ULTRA FINES**  
SULFATE OF POTASH

**Quality:**

Ultra Fines™ Sulfate of potash is very finely ground for use in dissolution equipment, including most solutionizing machines used in fertigation. Ultra Fines™ is also ideal for the production of all SOP-based suspensions and solutions.

**Safety:**

Sulfate of Potash is a non-chloride potassium source and has the lowest salt index per unit of potassium.

Sulfate of Potash (SOP)	0.853
Muriate of Potash (MOP)	1.936
Potassium Nitrate (KNO <sub>3</sub> )	1.580

Ultra Fines™ brand SOP is safe and effective for most liquid applications such as micro-jet, drip, foliar, hydroponic and greenhouse use.

Information regarding the contents and levels of metals in this product is available on the Internet at: <http://www.aapfco.org/metals.htm>

**Caution:**

Health	1
Flammability	0
Reactivity	0

**Caution:**

Contains fertilizer for agricultural use only. Not for food or drug use. Not intended for animal feed. Keep Out of Reach of Children
