Poly Tubing

1/2" Poly Tubing

Insert into 1/2" poly tubing to open or shut off individual lines

Great for repairing cracked or cut lines or extending lines

1/2" Power-Loc™ Starter Tee IRC710

1/2" Power-Loc™ Tee IRC735

1/2" Power-Loc™ Starter Elbow IRC705

1/2" Power-Loc™ Elbow IRC720

1/2" Power-Loc™ Starter Fitting IRC730

3/4" Power-Loc™ Starter Fitting IRC745

1/2" Power-Loc™ Starter Fitting IRC745

1/2" Power-Loc™ Starter Fitting IRC715

3/4" Power-Loc™ Starter Fitting IRC700

1/2" Power-Loc™ Pipeline Fitting IRC705

3/4" Power-Loc™ Pipeline Fitting IRC700

1/2" Power-Loc™ Inline Valve IRC735

50 PSI Pressure Regulator recommended IRC700
CREATING HOLES

Pocket Punch Tool
For 1/2” poly tubing
IRH640

Deluxe Yellow O-Jet Punch
For 1/2” poly tubing
IRH630

Hole Punch
For 1/4” Barbed Drip Tape Fittings
IRC456

END CAPS

1/2” Power-Loc™ End w/ Screw Cap IRC725

1/2” Power-Loc™ End w/ Flush Valve IRC740

1/2” Figure 8 Closure IRC545

SECURELY HOLD POLY AGAINST WOOD WALL OR OTHER VERTICAL SURFACES

**Drip Tape**

**Poly Tubing**

- **Tape-Loc™ 1/2” Barbed**
  - IRC470

- **Tape-Loc™-Sleeve 1/4” Barbed**
  - IRC450

**Tape-Loc™**

- **Perma-Loc-Sleeve 1/4” Barbed Fitting w/Shutoff**
  - Allows you to shut off individual drip tape lines
  - IRC454

- **Tape-Loc™ Tee**
  - IRC420

- **Tape-Loc™ Elbow**
  - IRC415

- **Tape-Loc™ Coupler**
  - IRC410
  - Great for repairing damaged Drip Tape

- **Fixed Pressure Regulator**
  - IRH819
  - 10 PSI is Strongly Recommended or Drip tape May Burst

- **Tape-Loc™ Hose Starter**
  - IRC425

- **Space each run 8” apart to stagger emitters for complete coverage for most soil types**

Can only be used in STRAIGHT lines

## ENDING DRIP TAPE

**Drip Tape Sleeve End**  
IRC441

**Fold Drip Tape and push Sleeve End over folds**

**Tape-Loc™ End with Cap**  
IRC440

---

## Emitterline

Emitterline can be used like Drip Tape. The difference is Emitterline can curve (especially true for 1/4” emitterline) and has pressure compensating emitters installed internally to allow use on slopes. **USE POLY TUBING FITTINGS FOR 1/2” Emitterline**

**Can create a sharper Curve**
1/2" Barbed Hose Starter IRC625

Soaker Hose

Calcium Filter, Mr. Soaker Hose IRF900
Strongly recommended if you have hard water to prevent the clogging of your soaker hose

Metal Hose Clamp IRC607
